

YES!

You can safely drink Benetol for destroying Disease Germs that can be reached internally.

Drink it for stomach disorders, gargle with it for throat trouble and as a mouth wash and you will be safe from dangers of disease germs.

Always Follow Directions
in booklet—packed in all Red Cartons.

Try This Treatment and Recommend It to Others

Special Directions —FOR THE— Benetol Treatment

As a means of effecting a permanent and positive recovery from indigestion, gas on the stomach, lower bowel troubles, gastritis, catarrh of the stomach, ulcerated stomach, stomach sore throat, grip, biliousness, ptomaine poisoning and all similar ailments.

For Stomach or Bowel Troubles. Take 5 drops in 1/2 glass of hot water, in the morning upon first arising. Same after breakfast, dinner (or lunch) and supper and again at bedtime. This should be gradually increased from 10 to 20 drops per time.

For Colds, Sore Throat, Tonsillitis, Hoarseness. Add 10 drops of Benetol to a glass of hot water. Keep this at hand and gargle frequently, swallowing a little each time, but prepared fresh each day. For severe cases spray with a solution of a teaspoonful of Benetol to a glass of hot water, or—touch the throat spots with pure Benetol applied by twisting a little absorbent cotton on the end of a small stick or pencil.

For Ptomaine Poisoning.—Take teaspoonful of Benetol in glass of hot water, in the morning upon first arising. Same after breakfast, dinner (or lunch) and supper and again at bedtime. This should be gradually increased from 10 to 20 drops per time.

For any desired information regarding Benetol preparations, address
THE BENETOL COMPANY—Benetol Building—MINNEAPOLIS, MINN.

RAIDER OFF COAST OF SOUTH AMERICA
BUENOS AIRES, April 11.—A strange vessel, identified by neutrals as a raider, was sighted today off the Atlantic coast. The mysterious stranger was seen at a point between Montevideo, in Uruguay, and Rio Grande, in the extreme southern part of Brazil.

Rumors of the presence on the seaboard of a commerce raider were received here and at Montevideo during the day. Reports, however, were not confirmed in shipping circles here to night.

However, the rumors previously caused the detention in port of many steamships due to leave Buenos Aires and Montevideo. Among them were five American vessels. First reports said the raider was lying off the Rio Plata.

U-BOATS SEEN IN WAR COUNCIL TO PACIFIC OCEAN BE HELD HERE

American Commander Issues Warning for Ships to be on Lookout.

SAN FRANCISCO, April 11.—Warnings that German submarines are operating in the Pacific were sent to all steamship captains at sea late today by wireless, by order of Lieutenant Commander F. C. Woods of the Twelfth naval district here.

The warning said: "Information has this day been received that German submarines are operating in the Pacific. Please notify all ships under your control and ask that they spread the warning broadcast."

Instructions from the navy department on which the warning was based said: "Get in touch at the earliest possible moment with captains and masters of all merchant vessels operating in your district, especially off the coast, and at sea, and urge upon them the necessity of keeping a very bright lookout for German submarines and of reporting same immediately by radio to the nearest radio station. Urge upon them the necessity of giving as much detailed information of locality where submarines are seen and any other data that will be of value to the naval forces in searching for these vessels."

Where the submarines are operating was not disclosed.

WIFE TO BE HEAD OF THE UNIVERSITY

SEATTLE, April 10.—If the Washington coast artillery is called for service to the present war crisis, the University of Washington probably will be the only education institution in the United States with a woman at the head of the business affairs of its student body.

J. Arthur Younger, graduate manager at Washington, is a second lieutenant in the Washington coast artillery. If Younger is called out for active service, Mrs. Younger will take over the duties of his office and handle the business end of all student activities for the remainder of the school year at least.

Anticipating a call to service Younger has been coaching Mrs. Younger in the details of his work for several weeks. All present arrangements for intercollegiate athletic contests have been outlined for Mrs. Younger until she now is thoroughly familiar with the entire situation.

Distinguished Men Are Coming From Europe for a General Conference.

WASHINGTON, April 11.—Assembly in Washington within a few weeks of a great international war council was foreshadowed by an announcement from the state department today that a British commission headed by Arthur J. Balfour, minister of foreign affairs, is expected to arrive within ten days to discuss with the government here questions connected with the conduct of the war. In addition to the foreign minister, the commission will include Admiral De Chair, of the British navy, General Bridges of the army and the governor of the Bank of England, attended by a number of his staff.

This was as far as the announcement made by the state department goes, but it was learned authoritatively that a French commission also will be in Washington about the same time. This commission will be headed by M. Viviani, at present minister of justice in the French cabinet and formerly premier.

It is assumed that owing to the difficulties in passage and the probable delay, the interests of other allied governments would be confided to their resident ambassadors.

Beyond the statement that the object of the commission is to discuss generally questions of policy connected with the war, no information was given at the state department. It was made clear, however, that in no way will the United States government depart from the traditional policy of avoiding anything in the nature of political alliances, though, of course, that does not exclude full and intimate military and naval co-operation in the prosecution of the war.

While it is by no means certain that there will be a joint meeting of the visiting commissions, if the state department should desire to avoid the appearance of an alliance, there is certain to be concert of action in some way.

The conference is stated to have been sought by the allied leaders themselves. No attempt will be made to go into details or technical considerations, as the general policies involved are too stupendous to permit of it.

FRENCH REGAIN GROUND TAKEN BY THE GERMANS

PARIS, April 11, 12:15 p. m.—The official communication tonight reads: The artillery fighting was quite active around St. Quentin. South of the Oise the enemy pushed back one of our detachments northeast of Veruvel-Soucy. We drove him out immediately from our position by a counter-attack.

There was marked artillery activity near Berry-au-Bac and La Pompelle, and along the Champagne front. In Le Petre wood we effectively shelled the enemy organization.

CABINET MEMBER'S SON IN TRAINING TO BE AIR FIGHTER

Franklin K. Lane, Jr.

One of the students of the U. S. Army Aviation school at Newport News, Va., is Franklin K. Lane, Jr., son of the secretary of the interior. He has been studying flying at the school for the past few months and will receive his diploma with the next class that is graduated.

Right Medicine Right Now!

The Extracts and Herbs Together With Phosphorus and Iron in Cadomene Tablets, Is Tonic To Mankind.

As the Green Grass Is Tonic To Old Dobbin and Bossy.

Cadomene Tablets Overcome That Tired Feeling, Aches and Pains, and Make You Feel Full of Pep, Too.

Springtime is a joyous season for birds and all of the animal kingdom except a portion of mankind—and this portion of mankind is large, too, for man has not the liberty of the animals. Did you ever notice a horse or cow, how it maddly craves the green grass of springtime? The green grass is a powerful, nourishing tonic—that's why, and how sleek and contented old Bossy becomes after a few weeks of this wonderful tonic—the green grass that Nature supplies after long months of heating, concentrated foods. In instinct guides the animals, but man must depend upon intelligence—remember that! Man must be guided to health and the finer sensations by intelligence.

The intelligence, the education and the experience of a learned physician are placed at the disposal of all who may read this; for, in three grains of Cadomene Tablets are to be found the tonic effects and the lasting benefits for humans, that old Bossy herself finds in green grasses. On every package is printed the ingredients.

All the dreadful aches, the sluggish feelings, the tired muscles, are soon banished and the vim of youth, the energy that Nature intended comes back and forever after you'll remember Cadomene Tablets like the worthy kine remembers the rejuvenating effects of the sweet green grasses of Spring. For, mark you, Cadomene Tablets will ginger you up and at work or at play you'll deliver the goods and be the man or woman you take pride in being. Just start this very day to feed and nourish your depleted nerves. Every package of Cadomene Tablets ever sold—hundreds of thousands—was guaranteed to satisfy or money back—and at this writing never a single request for money back has been made to the manufacturers.

The proof of the pudding is in the eating of it—and when more proof could any man want? Get Cadomene Tablets in sealed tube from your druggist with full directions.—Advertisement.

MEXICANS HOLD BRITISH CONSUL CAPTOR 3 DAYS

DOUGLAS, Ariz., April 11.—C. G. Duncan, manager of Hacienda Mabahi, sixty-five miles southwest of Douglas, in Sonora, Mexico, and British vice consul for northern Sonora, was captured and held by a band of Mexicans from Sunday afternoon at 4 o'clock until Tuesday morning at 10 o'clock, when the bandits rode away, leaving him and an American cowboy asleep in the ranch house at San Diaz, fifty miles southeast. Duncan came to Douglas with the story today.

MAKING IT PLAIN

The Pure Food and Drug Laws aim to protect the public by preventing mis-statements on the labels of preparations but some people continue to accept "extracts" of cod livers thinking they will get the benefits of an emulsion of cod liver oil.

The difference is very great. An "emulsion" contains real cod liver oil, which has had the hearty endorsement of the medical profession for many years, while an "extract" is a product which contains no oil and is highly alcoholic.

Scott's Emulsion guarantees the highest grade of real Norwegian cod liver oil, skillfully blended with glycine and hypophosphites. Scott's is free from the false stimulation of alcohol and is endorsed by good physicians everywhere.

Scott & Bowne, Bloomfield, N. J. 16-18

MORE COUNTRIES DENOUNCE KAISER

Argentina and Costa Rica Endorse the Action of United States.

WASHINGTON, April 11.—Without formally announcing abandonment of their neutrality, two more Latin American republics, Argentina and Costa Rica, have given assurances of their moral support for the United States in the war against Germany.

Argentina, choosing a middle course between those of Brazil and Chile, her sister nations in the influential A B C trio, has notified the state department that "she recognizes the justice" of this country's stand against German aggression. The communication contains no intimation, however, that the Argentine authorities contemplate an actual break with Berlin and it is assumed here that for the present at least, neutrality will be observed.

Little Costa Rica, just emerging from the throes of a revolution, sent word to her diplomatic representatives here today that she endorsed the course of President Wilson and was "ready to prove it if necessary."

It is recognized that in defining her position so frankly, Argentina has assumed the grave risk of having Germany break relations with her and by some diplomats here attitude is regarded as little less than an invitation to Germany to regard her as unfriendly. Her outspoken approval of the United States' course may go far, in the opinion of many here, towards influencing some of the smaller Latin-American nations.

SNOW HALTS THE BRITISH ADVANCE

Heavy Storm Prevents Observation and Subdues Roar of the Big Guns.

LONDON, April 11, 10:30 p. m.—The operations along the Arras-Lens line were greatly impeded by snow storms. According to the official report from British headquarters tonight the Germans delivered two counter attacks against the British positions in the neighborhood of Monchy-Le-Preux, but these failed.

The statement reads: "Snow has fallen heavily and continuously throughout the day, rendering observation impossible and greatly impeding the operations of our troops."

"This morning two German counterattacks on our new positions in the neighborhood of Monchy-Le-Preux were successfully beaten off. Prisoners taken in Monchy-Le-Preux state that they had orders to hold the village at all costs."

"Further south, bodies of our troops succeeded in penetrating a German position in the neighborhood of Bullecourt and secured a number of prisoners. At mid-day they were counter-attacked by large forces of the enemy and forced back to their own lines. The enemy attacking troops were effectively engaged by our artillery and suffered heavy losses."

"Our airplanes were active again yesterday and in spite of a strong gale and frequent snowstorms performed valuable work in co-operation with our infantry. Few hostile machines were seen. Our airplanes returned safely."

There have been several engagements between the Russians and the Teutonic allies on the Russian front but no important changes in the positions have resulted.

The Austrians and Italians on the western portion of the Austro-Italian theatre are bombarding each other heavily. On the Carso plateau, in the east, the Italians have pushed back the Austrians at various points.

FOUR ARE KILLED ON RAILROAD CROSSING

GIBBON, Neb., April 11.—Four persons were killed instantly and one was seriously injured a mile east of here tonight when an automobile in which they were driving was struck by a fast train on the Union Pacific railroad. The dead:

Mrs. C. T. Thatcher, Gibbon.

Sarah Thatcher, daughter of Mrs. Thatcher.

Norma Gordon, Kearney, Neb., teacher in Gibbon schools.

Miss Helen Sloss, North Bend, Neb. The injured:

Ruth Thatcher, daughter of Mrs. Thatcher, probably will die.

The young woman who was driving the automobile attempted to cross the track ahead of the approaching train, the speed of which she miscalculated.

ROOSEVELT URGES SUPPORT FOR WAR LEGISLATION

NEW YORK, April 11.—Upon his return here late today from Washington Colonel Theodore Roosevelt issued a statement in which he said that all far-sighted patriots "should stand behind the administration in its efforts to secure legislation for raising an army," in accordance with the principle of obligatory training and service.

FIVE MEN ARE TO RUN RAILROADS

War Measures Extend to the Transportation Lines of the Country.

WASHINGTON, April 11.—Heads of the principal railroads in the United States meeting here today at the call of the Council of National Defense, named a board of five men to direct the operation of American railways throughout the war.

It was announced that the purpose of the board would be to give the government the best possible service not only in transporting troops and military supplies but in handling every necessary commodity.

Members of the board are:

Fairfax Harrison of the Southern, chairman; Howard Elliott of the New Haven; Samuel Rae of the Pennsylvania; Hale Holden of the Burlington, and Julius Kruttschnitt of the Southern Pacific.

Daniel Willard, president of the Baltimore & Ohio, chairman of the defense council's advisory committee, will be an ex-officio member of the board, and the interstate commerce commission will be asked to name another.

The board or central executive committee as it is called in an announcement by the defense council will operate through a special committee on national defense named some time ago by the American Railway association. Mr. Harrison, chairman, also of this committee, announced today its membership would be increased to 28, divided into six subcommittees, one each in the proposed six military departments of the country. The subcommittees will deal directly with department commanders and with the quartermaster's department. The railway association, car service commission will serve as a general subcommittee.

The railroad board will decide all matters of general railroad policy and in some respects its duties will resemble those of the English railroad board, which is operating for the government English lines. In the United States, however, the railway systems will operate in co-operation with the government, instead of under its direction.

The railway association's defense committee as it exists now in the four existing military departments, already has worked out plans for military co-operation with the army.

HAD TROUBLE FOUR OR FIVE YEARS

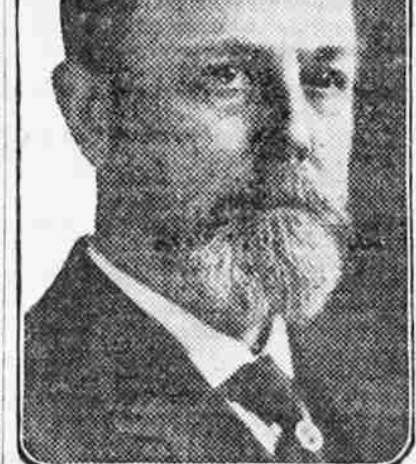

No one appreciates good health like those who are ill. W. J. Furry, R. F. D. 2, Salem Mo., writes: "I have been bothered with bladder trouble four or five years. I took different medicines, but nothing did me any good until I got Foley Kidney Pills." Many persons suffer from kidney and bladder trouble who they can be relieved. Backache, dizziness, rheumatic pains, stiff or sore joints and other symptoms yield to Foley Kidney Pills.—A. R. McIntyre Drug Co.—Advertisement.

ARMOR PLANT WILL BE BUILT AT CHARLESTON

WASHINGTON, April 11.—The government's armor plant and projectile factory, for which congress appropriated \$12,700,000, will be built at Charleston, W. Va., a location recommended by a special navy board as offering an ideal combination of military safety and easy access to manufacturing materials, in announcing the selection tonight, Secretary Daniels said construction would begin at once and would be hurried to completion.

PASSENGERS AND GUARDS KILLED

LAREDO, Tex., April 11.—Several passengers and a guard of U. S. soldiers were killed by revolutionists who attacked a train Monday night near San Felipe in the state of Hidalgo, it was reported by surviving passengers here tonight. At least 20 of the attackers were killed and many wounded. No report was made of any foreigners among the number.

Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply in any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Bldg., College-Hillwood streets, Dayton, Ohio, enclosing self-addressed envelope for reply. Full name and address must be given, but only initials or fictitious names will be used in the answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order of wholesaler.

Miss "Constance" asks: "I am very thin and bloodless and want to increase my weight about 30 pounds. Please tell me what method to pursue?"

Answer: A regular and persistent use of three grain hypo-nucleic tablets will usually produce an increase in weight, building up the flesh tissues. Scores of patients have reported increases of from 1 to 10 pounds from the use of these tablets. Full directions come with each sealed package.

"Poorly" writes: "Being past middle age and observing that my nervous system is in bad shape, I write for a prescription. I am weak, listless, forgetful, sleepless at times, tired, and unable to get the part of a strong man of health, such as I was at one time."

Answer: Get from a well-stocked pharmacy a sealed tube of three-grain cadomene tablets, which are especially made for those needing a strong, harmless rejuvenating tonic. Astonishing and pleasing results follow and life and hope are renewed.

"Enex" writes: "What should I do to relieve a severe case of kidney and bladder disease? Urine is dark, foul of odor, and passage is irregular, painful, etc. Have depression, fever, chills, pains like rheumatism, and soreness in region of bladder."

Answer: For such symptoms as you describe I advise cardol tablets, a particularly good formula for sluggish liver, constipation, etc., when your risings are noted after meals. It is better than calomel and has no bad after-effect.

"A Fat Woman" asks: "Would you please prescribe a safe reducing remedy for too much fat?"

Answer: At this season many fat people suffer greatly as you do and I recommend that they reduce with five-grain arbolene tablets the most successful and convenient prescription I know of. Druggists supply in sealed tubes, with full directions.

Miss O. M. asks: "I have pimples, oily skin, and suffer from constipation, headache, and never feel strong and well. Please prescribe for me."

Answer: You should overcome constipation and cleanse the system of accumulated poisons by taking three grain arbolene tablets (not sulphur) for several weeks or more. These tablets are very beneficial especially in hot weather, as they have a tendency to cool the blood and improve its quality.

"Fern" writes: "I have suffered with a bad cough for some time and I am also weak and tired most of the time, which I think is due to the severe coughing. Can you give me a remedy?"

Answer: Yes, your weakness is due to the coughing, but you should be well relieved by using the following. Get a 25 c. package of essence mentho-laxene and make according to directions on the bottle, then take a teaspoonful every hour or two until the cough is cured. This makes a full pint of very good and safest cough syrup. If your druggist does not have mentho-laxene, he can order it for you of the wholesaler firm.

DON'T SUFFER WITH NEURALGIA

Musterole Gives Delicious Comfort

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on the temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). It is always dependable.

GERMANS TAKE 1000 PRISONERS

BERLIN, April 11, via London, 11:15 p. m.—The evening official communication issued by the war office says:

"Near Farnhous (east of Arras) English infantry attacks and several cavalry attacks near Roemx failed with heavy losses to the enemy."

"On the southern bank of the Scarpe, near Monchy and Rancourt, there have been engagements throughout the day which developed favorably for us."

"East of Bullecourt (west of Cambrai) and near Hardecourt (northwest of St. Quentin) a thousand English prisoners, together with twenty-five machine guns, were captured."

"From Solissons to as far as Rheims there have been most violent artillery duels."

GLAD TO LEARN OF IT

April's changeable weather causes colds that lead to expensive doctor bills—bills that could be avoided if the cold were checked in time. C. Smith, 1421 12th St., Augusta, Ga., writes: "I got one 25c bottle of Foley's Honey and Tar and my cough and cold is about well. I was glad to learn of a great medicine like that." Foley's Honey and Tar enjoys such a splendid reputation that it is often imitated. Of course, no substitute or imitation is as good as the genuine.—Advertisement.

VILLA RAIDS RANCH

PRESIDIO, Texas, April 11.—Villa forces in command of General Hernandez raided the ranch of Guillermo Snyman, near Santa Rosa, Chihuahua, and took a quantity of food and forage, refugees from the interior who reached here today said.

Villa troops made an effort to capture young Snyman, a British subject, son of the late General W. D. Snyman of Boer war fame.

PASSENGERS AND GUARDS KILLED

LAREDO, Tex., April 11.—Several passengers and a guard of U. S. soldiers were killed by revolutionists who attacked a train Monday night near San Felipe in the state of Hidalgo, it was reported by surviving passengers here tonight. At least 20 of the attackers were killed and many wounded. No report was made of any foreigners among the number.

THE DOCTOR'S ADVICE

by Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply in any case of similar nature.
